ANNUAL MEDICAL COMPLIANCE DIRECTIVE

1. Emergency Department Intake Guidelines

All trauma patients arriving via ambulance must receive triage assessment within 5 minutes.
Vital monitoring must be uploaded to the electronic health record system immediately.

2. Inpatient Medication Dispensing Controls

Schedule II controlled substances require dual digital authorization from both the attending physician and the supervising clinical pharmacist prior to dispensing from automated medication cabinets.

3. Insurance Reimbursement and Fee Audits

All commercial insurance claims must be audited against CMS-1500 coding requirements before billing.
